

Drop In to Our Monthly Virtual Open-Door Sessions

Community Open-Door Sessions are available to all California:

- **Family, friend, and neighbor (FFN) caregivers**
- **Family child care home (FCCH) providers**
- **Center-based staff**

Open-Door Sessions provide an opportunity for “on-demand” support to connect with child care and early education providers. These virtual sessions are facilitated by an experienced IECMHC Network infant and early childhood mental health specialist or consultant. Participants are encouraged to attend with questions, concerns, and challenges related to infant, toddler, and young children’s social, emotional, and behavioral health.

Open-Door Sessions are confidential spaces in which to reflect, seek supportive input, share ideas and resources, discuss development, and network within a community. Open-Door sessions are available in English and Spanish.
